Learn more Contact Arkadium, the provider of these gamesGolf Solitaire is a quick and easy version of an old classic that relies more on skill than luck. Your goal is to remove all cards, one by one, by picking one card above or below the card in stock. On easy mode, it's almost always solvable, but hard mode is trickier. The fewer cards that remain, the higher your score. Try your hand at Golf Solitaire! Golf tips can really help you lower your scores. If you read enough golf tips and work them into your practice routine, your game will improve in no time. In this section you'll find all sorts of golf tips, ranging from grip tips to putting tips.Learn MoreThere are so many mental distractions on the golf course, from sand traps to deep patches of rough, that it's easy to forget about an important part of the game -- your hands. We have five tips that help you get a better grip on both your golf club and your swing.By Lawrence SchumacherWhen the stack and tilt swing hit the media, many long-time golfers pushed back their visors and scratched their heads. This swing runs counter to the traditional golf swing. But for some golfers, it really works. Why?By Nicholas GerbisToo often your golf game may be soured by a wicked slice or a ball that winds up in water. But before you throw down your clubs in frustration, read these 10 tips to improve your swing.By Gerlinda Grimes BUY NOW The VS4 is an enhancement of Golf-Buddy's original Voice and Voice+ models. This latest version features Dynamic Green View and displays and/or speaks the distance to the front, centre and back of the green. The VS4 has no annual fees, 10 hours of battery life and can be attached to a wristband or clipped to a cap or belt. Available in white with gold trim or black with red trim. www.gpsgolfbuddy.eu See more golf gps and rangefinder reviews Measure your game against the best in the world. These historic courses promise challenging holes and storied pasts. GolfBuddy isn't messing with a good thing. The two predecessors to the VS4, the GolfBuddy Voice and Voice+ are on the top of our rankings charts for a reason... GolfBuddy VS4 User Rating: 4.41 out of 5 (457 reviews)Score compiled from multiple sources, they are small, super easy to use and get great battery life. The VS4 builds on that by adding water resistance. Voice and/or digital display provide distances to the front, middle and back of the greens. Dynamic green view shows the shape of the green from your angle of approach and shot measuring gives you direct feedback about your game. Early user reviews are terrific and the price is nice! A watchband can be purchased separately. GolfBuddy VS4 Specifications GolfBuddy VS4 Course Download Fees No Pre-loaded with Courses Yes Full Hole Views Yes Slope / Elevation No Battery Life 10 hrs Battery Li-Poly Recharge Size (Width x Height x Depth) 1.76 in. x 1.78 in. x .49 in. Read more Home Golf BuddyGolfBuddy VS4 GPS Voice Range Finder Post by Kevin Paver, author of the blog - Hacker to single figures If you're after a simple-to-use golf GPS device, you might want to check out the GolfBuddy VS4. The VS4 is a tweak of the GolfBuddy 'Voice' and now comes in a rather funky black & red or white & gold, as well as having a new improved screen. When I was asked to test the VS4, I wasn't quite sure how I'd get on with a talking GPS? But I was pleasantly surprised. The VS4 is very small and lightweight (less than 28 grams), meaning it will easily fit in your pocket... once you've found a new place for your mobile phone, wallet, coins etc! However, if you'd rather not have it in your pocket, it comes with a detachable unit on the back that lets you clip it to your belt, cap, bag or any other item of clothing. My personal favourite is the strap accessory it also comes with, giving you the option of wearing the device as a watch. It also comes with a rechargeable 10-hour battery. When you get to the course, the VS4 automatically recognises where you are playing, and with more than 37,000 courses pre loaded, you'll never have to worry about annual subscriptions. Once playing, the yardages (or metres, you choose!) to the front, middle and back are fantastic. The distances displayed are from the angle of approach too, so you can really dial in the shot... if your handicap allows! Either way, it will help you much more than your eyes ever will. Another great function with the VS4 is the ability to measure the distance of your shot all with the click of one button, so you can officially claim that 280-yard drive! You can also look at the shape of the green from anywhere on the fairway with the new Dynamic Green View function. Now, lets talk talking. Once you're on faced with the shot, you can simply look at the display to check your yardages. Or, hit button on the front of the device and the 'voice' will inform you of the distance to the front of the green. Click-and-hold and you'll get the distance to the middle, and do the same again to hear the distance to the back of the green. I was really dubious about the voice function, but it's actually quite enjoyable to use. Obviously, you have to be mindful of your playing partners when using the voice function. I'm not sure they'd be too happy if the VS4 offers you some distance advice in the middle of their backswing! Plus, if you fancy a change and are a multi-linguist, the VS4 is loaded with eight different languages, including French, Italian and Japanese (it's fun trying them, but not very helpful if you don't actually speak them!). For me, the only downside to the VS4 is that you don't get to see a full picture of the hole, which can be really useful, especially on a course you haven't played before. Also, you can't get distances to specific hazards on the hole. But, that's not what the VS4 is here to do. At a RRP of £150, the GolfBuddy VS4 is a great value GPS device that is super easy to use. It's versatile in the many ways you can use it, but always delivers pinpoint accuracy. And if you like to play a little on your own, it provides you with a companion that is on hand to give you advice... but most importantly, it will never criticize your shot! What GolfBuddy say: Technical Specifications: Simple audio distance measuring device Detachable unit to provide versatility Water Resistant Distance to front/center/back of the green Dynamic Green View Preloaded with 37,000+ global courses Automatic course & hole recognition Shot distance measurement 10 hour battery life For more information on the GolfBuddy VS4 please visit their website - Click here You can keep up to date with kevin's challenge by visiting www.hackertosinglefigures.co.uk and subscribe.
